  Bhai Nand Lal Public School, Anandpur Sahib

PROJECTS

Food Recipe Website Using Javascript

This website is your one-stop shop for delicious recipes! Explore a vast collection of recipes with detailed descriptions, making it easy to find exactly what you're craving. But that's not all! We also offer step-by-step recipe videos that provide a visual guide to cooking success. With clear instructions and helpful visuals, you'll be whipping up culinary masterpieces in no time.

Snake Game Using Python

I built a classic Snake game using Python! Players control a snake that grows longer by eating food scattered around the screen. The challenge comes from avoiding collisions with the walls or the snake's own body. It's been a fun way to practice my coding skills!
